

Probus Club - of Central Edmonton

May 2018

Editor: Brian Johnson

Speaker: May 10, – Andrew Leitch, Alberta Climate Policy

Our guest speaker, Andrew Leitch, was appointed (or as he implied, coerced) into developing the Alberta government's climate policy. The goal of the exercise was to develop a policy that would be acceptable to all parties.

Andrew lead us through the process of ensuring everyone was heard, and an that an acceptable compromise was reached that met the government's agenda.

Tour: May 22 – Alberta Pipe Trades College

Our tour of the Alberta Pipe Trades College was led by Dan Kostik. Dan showed us the range of skills taught including pipefitting, gas fitting, boilers and water heaters. He emphasized the importance they put on safety while learning and practicing the students' trades training. It's a beautiful facility and we came away with a new appreciation for the skills involved.

Our guide Dan Kostik explains the finer points of heat transfer.
